LIVE CHAT WITH LIESL

A biweekly chat with Provost Liesl Folks

AGENDA

Housekeeping and Introduction	5 minutes
Provost Folks & Panelists	15 minutes
Questions from live audience & Q&A	40 minutes

A wide-angle photograph of a desert landscape. In the foreground, there are several green, bushy plants and some dry, yellowish grasses. The middle ground shows a flat, open area with some distant structures. In the background, there are large, rugged mountains under a blue sky with scattered white and grey clouds. The text is overlaid in the center of the image.

We would like to first pay honor and tribute to the original inhabitants of this land. This region includes the ancestral homelands of the Tohono O'odham Nation and the Pascua Yaqui Tribe.

UHAP 7.01.01 Statement on Professional Conduct

As members of the University of Arizona community, we are committed to sustaining an academic community that advances learning and innovation. We recognize our responsibilities and obligations as representatives of the University, and we hold ourselves and each other accountable for the following:

We are inclusive and respectful

We are committed to freedom of expression, academic freedom, and collaborative inquiry. We support creativity and innovation by valuing all voices and engaging in respectful discourse. While we may not always agree with the ideas and opinions of others, we honor their right to express them.

We provide a safe environment for those who work, learn, and visit with us

We do not tolerate discrimination, harassment, or behavior that intimidates, threatens, demeans, or harms another person. We work to resolve differences constructively, look out for each other and promptly address or report issues of concern. We recognize our individual obligations to make the University a safe and inclusive environment by abiding by the University's Workplace Violence policy and Nondiscrimination and Anti-Harassment Policy.

7.01.02 Academic Freedom and Freedom of Speech

Our primary responsibility to our academic discipline and to our society is to seek and state the truth based on available evidence. Guided by recognition of the value of evidence-based inquiry to our community and an informed citizenry, we recognize our shared obligation to exercise critical judgment and self-discipline in using, extending, and transmitting knowledge. To this end, we devote our energies to developing and improving critical thinking and scholarly rigor through teaching, research, and engagement with the University's broader constituencies.

Meeting Agreement

This meeting is an official meeting of the University of Arizona. Accordingly;

- As with any official meeting, courtesy and professionalism are paramount. As we move through our discussion today, we ask that each of you keep the focus on the issue, and not the person. We can disagree, we can debate, but personal attacks do nothing to advance our shared agenda.
- We will engage only in respectful discourse.
- The meeting will be recorded, and the chat feed will form part of the official record of this meeting.
- Anyone who engages in ad hominem attacks, or uses foul language, or limits the voices of others will receive one warning and if the behavior continues will be removed from the meeting.
